Play Service

Statement of Intent

It is our intention to make our club accessible to children and families from the local community.

Aim

We aim to ensure that all sections of our community have access to the club through open, fair and clearly communicated procedures.

Methods

In order to achieve this aim, we follow our admissions policy.

- We ensure that information about our club is accessible - in written and spoken form.
- We treat all children and their families as individuals, regardless of their gender, special educational needs, impairments, background, religion and ethnicity.
- We include children with SEN and impairments to take part in club activities.
- We make our equal opportunities policy widely known.
- We welcome everyone to our club, including parents, carers and family members.

Whilst every effort has been made to ensure the accuracy of the information provided, The Out of School Development Team cannot accept responsibility or liability for any errors which may have occurred. This policy has been created as an **example only**. Providers must write their own policy specific to their setting.
